

THE EVENING MISSOURIAN

TWELFTH YEAR

COLUMBIA, MISSOURI, WEDNESDAY EVENING, JULY 14, 1920.

NUMBER 269

BABY SHOW WILL BE HELD ON JULY 23

Children Will Be Scored on July 21 at Stephens College.

NEW CLASS ADDED

Class "D" to Include All Entries Between Ages of 2 and 3 Years.

The date for Columbia's Baby Show has been changed from July 30 to July 23.

The awarding of prizes will be announced at the chautauqua on that date and the babies will be exhibited there. The measuring and weighing of the entries will be held from 8 a. m. until 4 p. m. on Wednesday, July 21, in the main building of Stephens College. Doctors and nurses will examine each baby thoroughly and tabulate the results. Each baby will have his special record card. On Thursday the cards will be gone over and the cards showing the highest standing for each class will be selected.

On Friday at the Baby Show proper, which is to be held in the main tent of the chautauqua on the Stephens College campus, a doctor who has had no part in the weighing and measuring of the children will compare the cards showing the best records and the names of the winners will be announced.

A new class for babies from 2 to 3 years old has been added. This will be called Class D. There will be three prizes offered for this class, as for the others.

To facilitate the preparation of the records it is requested that each baby be entered as soon as possible, preferably by the end of the week.

It is probable that the standard by which the babies will be judged is the table that has been prepared by the Children's Bureau of the United States Department of Labor. According to this table the average height of boy babies 6 months old is 26 1/2 inches, the weight 18 pounds and 3 ounces. Girl babies of the same age should be 25 1/2 inches tall and weigh 16 1/2 pounds. Boy babies 12 months old should be 29 1/2 inches tall and weigh 21 1/2 pounds; girl babies of the same age should be 28 1/2 inches tall and weigh 20 1/2 pounds.

Boy babies 24 months old should be 33 1/2 inches tall and weigh 27 1/2 pounds; girls should be 33 inches tall and weigh 26 1/2 pounds.

Boys 36 months old, according to the record, should be 37 1/2 inches tall and weigh 32 1/2 pounds; girls of the same age should be 36 1/2 inches tall and weigh 30 1/2 pounds.

The following merchants today contributed to help pay the expenses of the show: Levy Shoe Store, Heberling Shoe Store, Sapp Brothers Shoe Store, Matthews Hardware Co., Dorrer Stone, Stafford Millinery Co., Harris Confectionery, Rose Rosenthal, Taylor Music Co., Daily Tailoring Co., Virginia Pharmacy and the Pennant Confectionery.

MANY IDLE IN JAPAN

Slump in Prices Is Causing Many Factories to Close Down.

By United Press

TOKYO, June 2. (by mail.)—The labor situation in Japan is becoming quite serious owing to the closing of many factories on account of the great slump in prices. A few months ago, when the country was still riding high on the wave of prosperity, labor was short and, as a consequence, workers were able to secure advantages. Now the situation has changed entirely, and the government is taking steps to combat the evils of unemployment which have already begun to set in.

The slump has hit the weaving industries particularly badly. Thus the Yenshu Textile Company threw 12,000 men out of work recently, and many other factories have either discharged their men absolutely, or have laid them off for the time being, hoping for better times to come. Mines, match factories and other industrial concerns have been compelled to follow suit, and it is reported by the authorities that during May, fifty-six big establishments closed throwing about 50,000 workers out of work while many smaller concerns have added their troubles to the general confusion.

The Department of Commerce and Agriculture estimates that 162,000 workers have been discharged since January, and hopefully suggests that many of these may have found new jobs. The situation is aggravated, however, through the fact that Japan's industries are located in comparatively few centers, and as a consequence the evils are concentrated where they occur and cause very considerable hardship.

THE WEATHER—Unsettled.

For Columbia and vicinity: Unsettled weather tonight and Thursday probably with showers; cooler tonight.

For Missouri: Unsettled weather tonight and Thursday with probable showers in the south and west portions; cooler tonight.

WEATHER CONDITIONS. There have been local showers in Kansas, Missouri, Iowa, Minnesota, and Michigan, and at a few other widely separated places. Fair weather has been the rule in all other sections.

Temperatures are moderate in all central interior states.

The Missouri River stages will remain nearly stationary for a day or two.

The Old Trails route is somewhat muddy between Waverly and Independence but the remainder of the route across the State is good traveling. Roads running north and south have not had rain enough to make them muddy, except in a few spots.

Showery conditions will likely continue during the next 24 hours.

Local Data. The highest temperature in Columbia yesterday was 90; and the lowest last night was 68. Precipitation 0.12. A year ago yesterday the highest temperature was 92 and the lowest was 72. Precipitation 0.22. Sun rose today 4:54 a. m. Sun sets 7:35 p. m. Moon rises 3:38 a. m.

OBSERVE BASTILLE DAY

Fall of Political Prison Celebrated in France and in Some Parts of U. S.

By United Press

PARIS, July 14.—All France is in a holiday today, celebrating the "French Fourth of July." It is the anniversary of the pulling down of the Bastille political prison which was destroyed July 14, 1789. Festivals are being held throughout the nation. Large crowds are thronging the cafes. Many free performances are being given.

Bastille Day, commemorating the downfall of the political prison in France which was destroyed by the French populace on July 14, 1789, was celebrated in France today and in certain sections of the United States.

The story of the Bastille prison begins with its erection in Paris about 1270 by Charles V. It was used for the confinement of political prisoners until 1789 when a Parisian mob, aided by the artillery of a group of soldiers, forced their entrance into the fortress. The governor was removed from the prison citadel and executed.

The present site of the Bastille in Paris is marked by a column in the place de la Bastille. When American troops were in France during the war, Bastille Day was celebrated by an Allied ceremony with troops of every nation present.

In the central hall of Mount Vernon, Washington's old home on the Potomac, there hangs today the main key to the Bastille. Lafayette sent it to Washington with a characteristic letter.

GREAT LAKES ARE POPULAR

Boat Fares Are Higher, But Record Crowds Continue.

By United Press

CLEVELAND, Ohio, July 14.—Travel on the great lakes this summer is surpassing all previous records. Dozens of steamers jammed to the gunwales with tourists, ply their way up and down and across the lakes to scores of islands, beaches and summer resorts, most of them already aswarm with cottagers and those on vacation bent.

By the end of the rather brief lake travel season, close to 500,000 persons will have answered to the lure of the lake, according to H. A. Semler, manager of the Akers, Folkman, Lawrence company, water travel agents here. His figures are based on the number of the steamers available, their capacity and the reservations made.

Special lake trips are widely popular. Trips of from one to two weeks in length are attracting the greatest number. The cost of travel has gone about 25 per cent over last year. A week's trip can be made at a trifle over an average of \$10 per day per person.

Several companies offer a week's tour of the lakes for \$72.50 per person. Their boats touch a dozen ports, with brief stopovers at points notable for their historical or recreational attractions. One Canadian line offers a trip of 1,000 miles in length, with stops at the principal Canadian cities on the lakes. Another specializes in trips of 1,600 miles.

ITALIANS KILLED IN CLASH

Residence of Jugo-Slav Charge d'Affaires Burned in Riot.

By United Press

ROME, July 14.—At least two Italians were killed and many were wounded in a clash between Jugo-Slavs and the Italians at Trieste, according to a news dispatch received here today.

A number of buildings were burned later, including the residence of the Jugo-Slav charge d'affaires. It was estimated that the total property damage was about 20,000,000 lire.

Cup Race Tomorrow.

NEW YORK, July 14.—The fourteenth yacht race for the America's Cup will be sailed tomorrow afternoon, weather permitting. The contestants are the Shamrock IV, Sir Thomas Lipton's challenger, and the Resolute, the American defender.

THIRD PARTY TO HAVE ANOTHER PLATFORM

New Draft Guaranteed to Be Agreeable to all the Members.

FACTIONS SATISFIED

Stampede Threatened When LaFollette Is Suggested for Nomination.

By United Press

CARMEN'S HALL, Chicago, July 14.—The amalgamated liberals' convention, after a morning of parliamentary jockeying to hold the delegates while the platform committee worked in an eleventh-hour effort to write a platform that will satisfy Senator Robert M. LaFollette, adjourned at 11:50 o'clock this morning until 2 o'clock this afternoon. It was expected that the platform would be reported then.

The convention decided to adjourn following an announcement from the conference committee that a complete new draft was being prepared.

Frank J. Esper, secretary of the Labor party, said that the platform would be agreeable to all groups.

The Labor party, it was said, decided to leave the committee on the platform to the Committee of Forty Eight when Gilbert Monroe, LaFollette's representative, told them that LaFollette would not stand on the one they proposed.

Balk at LaFollette's Name.

By United Press

CARMEN'S HALL, CHICAGO, July 14.—Demonstrations threatening to the joint convention of the "liberal" parties of America, were started this afternoon by talk of nominating Robert M. LaFollette as the candidate of the party for President of the United States.

Chairman Walter, who is presiding over the convention, declared that LaFollette refused to have his name put before the convention as a candidate because of non-belief in the platform of the party.

LARGE FAMILY IS "SOLVENT"

High Cost of Living Holds No Fear For Group of Eleven.

One of the largest families in Columbia is that of Dick Henderson, a colored laborer who lives at 407 Lyons street. When the reporter called, he had to make his way through a number of children who were playing in the little yard. It was bare for they had trampled out the grass.

Henderson's wife came to the door. She is a large black negro woman of about 45 or 50 years. Removing a pipe from between widely-separated, very white teeth, she said, "Yes suh, I reckon I got one of the biggest families out here. I have nine living children and four dead. Lemme see, maybe, I made a mistake. One, two, three, four, yes, that's right, thirteen in all."

"Isn't the cost of living awfully high for a family like yours?"

"I aint got no kick. It don't do you no good to complain. The children help when they get old enough." Henderson works at a rock crusher. He gets \$2 a day. His wife does washing. She is assisted by the older girls. D. E. Major of the Charity Organization Society says that, with the exception of one time when part of them were sick this family has been entirely self-supporting.

POLICE SEEK UNKNOWN AUTOIST

Dr. J. B. Cole Says He Narrowly Escaped Being Injured by Speeder.

A red automobile came down Broadway going east at 9:45 o'clock this morning at a speed of forty-five or fifty miles an hour and is said to have barely missed the car of Dr. J. B. Cole as he was parking it on Broadway.

"Had I been ten seconds earlier my machine would have been struck," said Dr. Cole today.

Word was telephoned to Fulton but the autoist had already passed through the town. It is thought that the car is trying to make a record for speed between Kansas City and St. Louis.

ELKS' FLOAT DUE TOMORROW

Exhibit Is Brought Here to Advertise State Fair.

The Missouri float that was paraded at the national Elks' convention in Chicago will be in Columbia tomorrow. It is mounted on a truck. On one side is a map of Missouri and on the other a fancy display.

The float is being shown to advertise the Missouri State Fair. It will be accompanied around the business section of town by the Columbia band.

BABE RUTH MAKES 28th HOMER

Must Hit One More to Equal Last Year's Record.

By United Press
NEW YORK, July 14.—Babe Ruth made his twenty-eighth home run of the season today. He must pole one more to come up to the record which he set last season.

1920 NOMINEES MAKE OPENING STATEMENTS

Harding Takes Challenge for a Finish Fight on League of Nations.

MAY SPLIT ON TREATY

Cox's First Remark Hits "Senatorial Oligarchy" and G.O.P. Choice.

By United Press

COLUMBUS, July 14.—Making his first campaign statement a stinging attack on Senator Harding and the "senatorial oligarchy of Lodge, Penrose and Smoot," Democratic nominee Cox today dedicated his fight for election to the "bringing of the peace with honor."

May "Smoke Out" Cox on League.

By United Press

MARION, July 14.—Warren G. Harding today accepted the Democratic challenge to a finish fight over the League of Nations.

His statement welcoming a "national referendum" on the League issue was viewed as the most emphatic utterance thus far and also as a skillful attempt to split the Democratic party on this question.

His purpose, it is believed here, was to "smoke out" Governor Cox on the League of Nations and force the Democratic standard bearer to either line up solidly with President Wilson on the League question or come out strongly for reservations and thus break with the White House.

It was believed Harding's statement was a wedge between the administration forces and those Democratic leaders who oppose President Wilson's course in the Treaty fight.

Suffrage Speakers to Ohio.

WASHINGTON, July 14.—Several suffrage speakers will leave here today for Columbus, O., to join a delegation which will present to Governor Cox, Democratic presidential nominee, the situation in regard to the ratification of the suffrage amendment. Special reference will be made to the Tennessee situation, where the legislature may be called in extra session to consider suffrage.

RUSSIANS EXCHANGE PRISONERS

Alliance Between Japan and Russia Is Thought Probable.

By CARL D. GROAT

(United Press Staff Correspondent)

BERLIN, July 8. (by mail.)—Exchange of prisoners between Germany and Russia is on in full swing. Conclusion of an agreement between the German and Soviet Governments made this possible, but now as a result of the agreement the Soviet representative here, Wigdor Kopp, contends that Germany has recognized Sovietism as the de facto Government. He points to the text of the treaty made between the "German Government" and the "Russian Soviet Government" as proof of his claim.

Many persons foresee the possibility that ultimately Germany—not England or any other power—will be the one to exploit Russia. Japan is constantly making friendly statements about Germany, and some observers consider these as the forerunner of an eventual agreement between the Niponese and the Teutons wherein Germany will exploit China.

Prepares for Tractor Show.

A. D. Gwinn, representative of the G. P. O'Malley Tractor Company of Kansas City, has arrived in Columbia to take charge of the preliminary arrangements for the tractor demonstration which is to be held in this city and at McBaine July 20, 21 and 22.

REDS ARE TRAPPED

Wrangel's Troops Surround 8,000 Cavalrymen in Crimea.

By United Press

LONDON, July 14.—Five thousand Bolshevik troops were killed and 1,000 taken prisoners when forces under General Wrangel trapped and surrounded 8,000 Red cavalrymen in Crimea, according to a news dispatch from Constantinople today.

Wrangel captured a large quantity of war materials. When his army learned of the Reds' location, it closed in from all sides.

DESCHANEL IS STILL ILL

Opponents Say French President Is Mentally Incapacitated.

By United Press

PARIS, July 14.—Failure of Paul Deschanel, president of France, to resume his executive duties, gave rise to new discussion of the physical and mental state of the French executive. Friends say that he was unable to officiate in the celebration of Bastille Day, France's national holiday today. Best friends say that he is improving.

Confirmed reports heard in political circles said that measures would be taken to nominate a vice-president to take over the affairs of the president. Newspapers opposed to Deschanel declare that the injuries he suffered in the recent accident have left him mentally incapacitated.

MURDER CLUE REPORTED FOUND

Geissler Infatuated With Wife of Wealthy Broker.

By United Press

NEW YORK, July 14.—"Infatuation of the chauffeur for a woman who never returned it."

That was the motive for the murder of Mrs. Arthur de Codova, wife of a wealthy New York broker, and the suicide of Bernard Geissler, according to a statement made today by the attorney of the dead woman's husband.

De Codova returned to New York late last night with the woman's body. Later he held a two-hour conference with Mrs. Geissler, the chauffeur's widow. Neither would disclose the substance of the conference.

RED FLAG CAUSES SENSATION

Banner Features in Legal Attack on Communist Party Members.

By United Press

CHICAGO, July 14.—A crimson banner was featured in the legal attack here today on twenty members of the Communist party charged with violation of the Illinois espionage act.

A detective said he took the flag from the home of Edgar Owens, one of the defendants. The flag caused a sensation in the courtroom. Several defendants arose rather uncertainly as it was unfurled and then covered their apparent confusion by walking about the courtroom to talk with their fellows.

COAL WILL LAST UNTIL 1920

Report Is Made at Eleventh Annual Convention in Cleveland.

By United Press

CLEVELAND, O., July 14.—Coal consumers of the United States will have enough coal to last them until 1920, according to state and government mining engineers in their eleventh annual convention here today.

There is enough hard coal in the country to last from 150 to 200 years. J. H. Paul, chief coal mining engineer of the United States, said that there was enough soft coal in the country to last for 6,000 years.

Two Irish Constables Killed.

By United Press

DUBLIN, July 14.—Two constables were killed today and several wounded as a car was held up near Dingleberry early today. The machine was raided and arms and ammunition were seized.

ALLIES PREPARING TO ENFORCE TREATY

Marshals Foch and Wilson Hold Armies Ready for Occupation.

ALL PLANS COMPLETE

Germany's Failure to Furnish 2,000,000 Tons of Coal Precipitated Crisis.

BULLETIN

SPA, Belgium, July 14.—Following a conference of Lloyd George, Premier Millerand, B. Spozza, Italian minister of foreign affairs, and Marshal Foch, it was decided to formulate plans by the Allied council for the enforcement of the Treaty whose terms Germany has refused to accept.

Walter Simmons, representing the German government, said that Germany was still firm in her refusal to accept the terms of the Treaty.

By United Press

SPA, Belgium, July 14.—With the calling of Marshal Foch and Field Marshal Sir Henry Wilson, Allied occupation of German territory and other measures to enforce the Versailles treaty seems inevitable today.

The Germans' flat refusal to meet the Allies' demands for 2,000,000 tons of coal monthly resulted in the suspension of the conference and the calling of the Allied military leaders. Plans have already been completed for actual invasion of Germany and unless some agreement in the situation is reached today the French army on the Rhine will be ordered to proceed into Germany.

LIMERICK'S EJECTMENT SOUGHT

Athens Hotel Owners Ask That Manager Be Put Out.

A suit by C. H. Early and J. T. Mitchell, owners of the Athens Hotel, against F. L. Limerick, manager of the hotel, was tried this morning before Judge John S. Bicknell.

Mr. Limerick was sued for possession of the hotel and for damages accruing from illegal possession, the owners claiming that their contract with him expired July 1, 1920.

Mr. Limerick contended that under the contract he is in lawful possession of the hotel as manager and that he had the privilege of renewing his contract with Early and Mitchell when it expired.

The contract on which the owners are suing Mr. Limerick was made between him and H. J. Lillia, of Des Moines, Ia. When the present owners of the hotel bought the hotel of Mr. Lillia for \$60,000 they assumed the contract.

No decision was rendered. Judge Bicknell took the case under advisement.

McBEE SUES HAINES FOR WAGER

\$50 Was Bet on Date of End of the World War.

Edgar McBee asks the law in Columbia to help him collect a wager made on the World War.

McBee says that on October 22, 1918, he made a bet with T. V. Evans that fighting in the war between Germany and the Allies would stop before January 1, 1919. He and I. V. Evans each deposited with Kelly Haines \$25 to be kept by Haines until it was determined who won the war.

McBee insists that, since the armistice was signed on November 11, 1918, and the fighting stopped then, that he won the wager. It appears that Kelly Haines, the stake holder, thinks otherwise, for he has not paid McBee the \$50.

McBee filed a complaint today against Haines. A trial will be held August 4 before Judge John S. Bicknell. Persons at the City Hall are wondering if a wager can be collected by law.

WOMAN POLITICIANS DISAGREE

Lady Astor and Lady Bonham at Variance on Divorce Question.

By United Press

LONDON, July 8. (by mail.)—Britain's two leading woman politicians are at variance over the divorce question.

While Lady Astor recently spoke in the House of Commons enlarging on the necessity for tightening the marriage bond rather than loosening it, Lady Bonham Carter, daughter of former Premier Asquith, declares that new divorce laws are absolutely imperative.

"It is not so much easier divorce that we want today, it is fairer divorce," she says. "We want equality of treatment for the sexes, equality of treatment between rich and poor; we want for all innocent victims of unhappy marriages a clean and honest way out, not one which depends on trickery, faked evidence, and a hired accomplice."

Pointing out the tragic circumstances of the poor in cases of incurable drunkenness, cruelty and desertion, Lady Bonham Carter asks why those "with blind minds adrift in fallibility should presume and doom their fellow creatures to such a fate?"
